

Qatar solar home kits

Qatar Solar Energy With more than 15 years of research and development with the board members in the solar photovoltaic industry, QSE has become the first vertically integrated PV manufacturer in the MENA region, producing silicon ingots, silicon wafer, PV cells up to the end product «PV modules».

Qatar is trying to curb its carbon footprint, minimise electricity costs, and enjoy a more stable power supply. The new microgrid at the Doha-based QSE factory will entail energy sources, which include the local grid, solar panels, battery storage, back-up generators and cooling system, according to reports.

Al Kharsaah is owned and operated by SPV Siraj, a consortium formed by TotalEnergies and Marubeni (40%) and Siraj Energy (60%), the latter being a joint venture between QatarEnergy and QEWC (Qatar Electricity & Water Co.). ...
