

Ready pay solar Vietnam

Is solar power a good option for Vietnam?

Solar power is an increasingly attractive electricity generating option for Vietnam thanks to recent cost reductions, fast construction, and the contribution solar power can make to ensuring energy security and environmental sustainability.

Will Vietnam's rooftop solar sector get a major investment boost?

The Vietnam rooftop solar sector is set for a major investment boost with a new draft decree published in early October 2024.

Will a solar auction be a good investment in Vietnam?

A well-organized solar auction in Vietnam in 2019 could result in power purchase agreements with prices of US\$0.055-0.065/kWh over 25 years (in levelized real terms and with an appropriate allocation of contractual risk).

Can solar projects be financed in Vietnam?

Owing to the current contractual structure proposed by the government, most solar projects in Vietnam are expected to be financed under a corporate loan or at 100 percent equity, with refinancing possible at a later stage.

Is Vietnam a reliable long-term investment in the solar market?

To signal to private investors that Vietnam is a reliable long-term potential investment in the solar market, it is critical to have medium-term deployment targets with clear timelines (every 12, 18, or 24 months) that can be communicated to the private sector.

Can PPPs be applied to solar projects in Vietnam?

Theoretically speaking, it would be possible to apply the PPP regulations to solar projects, especially for large-scale projects. However, as a matter of practice, PPPs are not a common investment form for solar or other renewable power projects in Vietnam (compared to the IPP /private investment form).

Current status of rooftop solar power (Solar PV) in Vietnam Statistics show that, up to now, the installed capacity of rooftop solar power is ~7660 MWAC, accounting for more than ~9% of the total installed capacity, the output of rooftop solar power accounts for nearly ~4% of electricity output. national electricity system.
