Who is rezolv energy?

Rezolv is a highly experienced, independent renewable energy producer. 2024 Rezolv Energy. All rights reserved Rezolv is a highly experienced, independent renewable energy producer building a multi-gigawatt portfolio including wind, solar and battery storage that delivers clean energy across Central and South Eastern Europe.

What is rezolv & how does it work?

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

Does rezolv energy have a 'St George' solar park?

Rezolv Energy, an independent power producer backed by Actis, has secured up to EUR90 million in debt financing from the International Finance Corporation (IFC) and Raiffeisen Bank International to support the construction of the 'St. George' solar park in north-eastern Bulgaria.

What makes rezolv energy unique?

We already have over 2GW of clean energy being prepared for construction across across four sites in Romania and Bulgaria, and a strong pipeline of projects in development across several countries. At Rezolv Energy our values are the essence of our identity, guiding our actions and driving our commitment to a clean energy future.

Why is rezolv investing in central and South Eastern Europe?

Central and South Eastern Europe is a region which has historically relied on fossil fuels for most of its energy needs.

Why should you invest in rezolv?

With long-term, committed investment from Actis, one of the world's most respected energy investors, we have a pipeline of over 2GW in large-scale wind and solar energy projects. Rezolv is led by a highly experienced team with decades of combined experience

Rezolv Energy chief executive Jim Champion said: "Companies and governments around the world are increasingly favouring the adoption of clean, cost-effective and quick-to-build renewable energy. With over 2GW of renewables now in development, we are proud to play a crucial role diversifying and increasing security of supply, while reducing ...

Actis-backed Rezolv Energy has selected three companies - CMC Europe, Solarpro and Green Solar Energy -

to build the 229MW "St. George" solar park in Silistra Municipality in Northeastern Bulgaria. Construction work is due to start very shortly, with the plant coming onstream next year.

Ardagh Glass Packaging-Europe (AGP-Europe), o afacere opera?ional? a Ardagh Group, a anun?at ast?zi c? a &#238;ncheiat un acord virtual de cump?rare a energiei electrice (VPPA) pe termen lung cu proiectul fotovoltaic St. George al Rezolv Energy din Bulgaria, asigur&#226;nd energie electric? regenerabil? pentru opera?iunile sale de produc?ie a sticlei din ...

In July, Rezolv Energy said that it acquired the rights for the St. George project in Silistra municipality in northeastern Bulgaria. Now it also obtained approval for the business plan as well as the license from the Energy and Water Regulatory Commission, according to the update.
