

# Romania haidi energy

Why should you choose Haidi energy?

In terms of the Safety, Energy Density, Lifespan, C-Rate, and Working Temperature Range, Haidi delivers the "best in class" battery cells to the global customers, specially in LiFePO<sub>4</sub> cells technology. Haidi Energy is certified with ISO9001, ISO14001, TS16949 and OHSAS18001 management systems.

What makes Haidi energy a safe battery?

Using 2 built-in safety additions, Haidi Energy ensures an explosion proof structure for its cylindrical lithium batteries, and a power cut off in case of overload. A prismatic lithium battery can be encased in either steel or aluminum, which mainly increases the stability of battery cells.

What is Haidi energy technology?

Haidi Energy Technology is a true leader in battery technology. Our Li-ion battery technology combines Li-ion chemistry, low impedance. The battery design and world-class manufacturing system provide customers with an unprecedented cost/performance advantage over any other technology.

What types of cells does Haidi energy offer?

In addition to a multitude of cell sizes, Haidi Energy offers a range of cylindrical cells derivatives to address specific and unique performance requirements including specific energy, specific power, safety performance, lifespan, and cost.

What certifications does Haidi energy have?

Haidi Energy is certified with ISO9001, ISO14001, TS16949 and OHSAS18001 management systems. Our products have obtained UL, CE, T&#220;V, IEC62133, CCA, KC, BIS, ROHS, UN38.3, MSDS certificates and also additionally are protected by the worldwide Product Liability Insurance.

Why should you choose Haidi?

Haidi's compact and lightweight modules are ideal for portable, mobile, stationary or EV applications which space, weight, and maintenance concerns are important. The answers to the challenges of our time matter. Haidi's technology will power quality of life for today and generations to come.

Haidi Energy is certified with ISO9001, ISO14001, TS16949 and OHSAS18001 management systems. Our products have obtained UL, CE, T&#220;V, IEC62133, CCA, KC, BIS, ROHS, UN38.3, MSDS certificates and also additionally are protected by the worldwide Product Liability Insurance.
