

Runergy new energy gmbh Guyana

Who is runergy new energy?

Runergy New Energy has been recognised as an 'Overall Highest Achiever' in the latest PV Module Index published by the Renewable Energy Test Center (RETC), following rigorous testing in which the company was among top performers in the areas of quality, performance and reliability.

Who is runergy?

Runergy is one such innovator and has become one of the leading PV cell manufacturers in the world since its establishment in 2013. We are ranked 3rd for global PV cell sales by PVInfoLink from 2020 to 2022 with a current high-efficiency cell capacity of 25GW.

Is runergy a good company?

According to InfoLink Consulting, Runergy has ranked the top three in the world in cell shipments for consecutive three years from 2020 to 2023⁰¹. As of the end of 2022, Runergy's global production capacity of large-size high-efficiency cells exceeded 25GW.

How reliable is runergy?

During performance testing, Runergy modules achieved high scores in LeTID and PAN FILE tests while, in terms of reliability, Runergy proved a top performer in all four tests - DH, PID, MLT and TC. "Though Runergy is a relative newcomer to the PV module sector, it has emerged as an 'Overall Highest Achiever' in our 2023 PV Module Index Report.

Is runergy a 'highest achiever' in the PV module sector?

"Though Runergy is a relative newcomer to the PV module sector, it has emerged as an 'Overall Highest Achiever' in our 2023 PV Module Index Report. This is an outstanding performance for a company that is new to the Report," commented RETC president and CEO Cherif Kedir.

Are runergy modules reliable?

In the Thresher test of quality indicators, its modules scored highly, with only three other companies also recognized. During performance testing, Runergy modules achieved high scores in LeTID and PAN FILE tests while, in terms of reliability, Runergy proved a top performer in all four tests - DH, PID, MLT and TC.

Runergy has recently announced a major milestone with its self-developed 182MM Series 144 half-cell N-type solar module, now certified by TÜV Rheinland. With standard dimensions of 2278*1134mm, this module ...

At Runergy, we harness the transformative power of science and technology to lead the solar industry, grounded in the ethos of humility, practicality, honesty, generosity, and gratitude. We are steadfast in our mission to create both prosperity and clean energy for all society.

Runergy new energy gmbh Guyana

Runergy has recently announced the commencement of production at its state-of-the-art solar module manufacturing facility in Huntsville, Alabama, USA. This significant milestone represents an important step in Runergy's strategic expansion into the North American market, reinforcing its commitment to delivering innovative solar solutions globally. The facility ...

Runergy New Energy has been recognised as an "Overall Highest Achiever" in the latest PV Module Index published by the Renewable Energy Test Center(RETTC), following rigorous testing in which the ...
