

Saint Lucia solar energy work

Does St Lucia have a Solar Power Revolution?

Title: Solar Power Revolution: Advantages of Installing Solar PV in St. Lucia with Eco Carib St. Lucia, bathed in abundant sunlight and surrounded by the beauty of the Caribbean, is experiencing a transformative revolution in the realm of energy.

Why should you install solar PV systems in St Lucia?

At the forefront of this revolution is Eco Carib, a leading solar PV business dedicated to harnessing the power of the sun for a sustainable and eco-friendly future. In this blog post, we explore the myriad advantages of installing solar PV systems in St. Lucia with Eco Carib, paving the way for a cleaner and more energy-efficient island paradise.

Where is St Lucia's first solar PV plant located?

On the 11 th April 2018, the St. Lucia Electricity Services Limited (LUCELEC) - the sole electric utility company on the island - completed the commissioning of the island's first utility-scale solar PV plant. The plant is rated at 3 megawatt (MW) and is located in La Tourney, Vieux Fort, just north of the Hewanorra International Airport.

Does Saint Lucia have electricity?

Yes, Saint Lucia has electricity. A little planning will ensure that visitors will be able to use their own appliances with Saint Lucia's electricity service and guarantee that your trip will be as stress free - and safe - as possible.

Does St Lucia have a power outage?

St. Lucia, like many tropical regions, occasionally experiences power outages due to storms or other unforeseen circumstances. Solar PV installations, equipped with energy storage solutions such as batteries, provide a reliable source of power even during grid interruptions.

How can Sol Lucian help you save money?

Contact us today to see how our solutions can help you save money... Sol-lucian is a St. Lucian oriented Electric Solar Renewable Energy Company which has developed a bold approach to reducing the cost of electric utility. © 2018 Sol Lucian Ltd.

The solar farm builds on the work LUCELEC has been doing with grid-tied roof top solar PV systems since 2009. ... distributor and seller of electrical energy in Saint Lucia. Established in 1964, the Company went public in 1994 and its shares are traded on the Eastern Caribbean Stock Exchange. LUCELEC has developed a reputation in the OECS and ...
