AMPYR Solar Europe is positioned to become the leading solar Independent Power Producer (IPP) in Northwest Europe. To do so, we focus on three key geographies (Germany, UK and the Netherlands) and operate across the ...

AMPYR Solar Europe is on the path to becoming a leading European IPP, part of Europe's commitment to becoming carbon neutral by 2050. These ambitions face potential supply resilience risk, considering the heavy dependency on imports for key components such as PV modules, inverters and battery cells.

AMPYR Solar Europe (ASE) was created in 2021 through the merger of NaGa Solar with the existing AMPYR Energy UK joint venture between AMPYR and Hartree Partners. The combination established a major new European solar independent power producer (IPP) with a combined pipeline of over 7GW of large-scale ground-mount and rooftop solar projects in ...

[London - 29th June 2023] AMPYR Solar Europe is pleased to announce the acquisition of a 390 MWp Solar PV + BESS portfolio from Tyler Hill comprising sites across the UK. The five projects are grid secured and are in the process of being submitted for planning approval. AMPYR Solar Europe will develop the assets in partnership with Tyler Hill ...

Following this acquisition, AMPYR Solar Europe will have a development pipeline of Solar PV assets of over 1 GWp in the Netherlands, and an aggregate development pipeline of 6 GWp including Germany and UK, moving AMPYR Solar Europe a step closer to its goal of being a leading independent solar power producer in Europe.
