

Saint Martin smart energy international

How much does electricity cost in Saint-Martin?

The island is divided between two nations, France in the north (Saint-Martin) and the Netherlands in the south (Sint Maarten). By law, Saint-Martin's residents pay the same electricity rates as all other French citizens, with utility rates starting at \$0.12 per kilowatt-hour (kWh) for residential customers.

What is Sint Maarten's national energy policy?

renewable energy.¹⁰ The plan also emphasizes the need to raise awareness of energy conservation among individuals and businesses through communication campaigns. Sint Maarten developed a National Energy Policy (NEP) in 2014 that aims to mitigate the impact of energy use on the environment while reducing electricity tariffs.

Who owns Smart Energy International?

Smart Energy International is owned by Clarion Events, a global business-to-business event organiser. They have partner companies in the UK, Netherlands, South Africa, Brazil and Singapore, and enjoy unique relationships with the Enlit, Utility Week, DISTRIBUTECH and POWERGEN events around the world.
