

Phoenix Solar was selected by solarcomplex, a regional supplier of renewable energies in the Lake Constance region of Germany, to act as the EPC contractor for the 4.7MW power plant being built in ...

The EPC agreement was made between Econergy, UK & Ireland contracting company, G2 energy and Trina Storage, a business unit of Trina Solar. The announcement described the EPC agreement as a "significant milestone" for Econergy's UK storage pipeline, which amounts to almost 2.5GWh according to the company.

Manzano Solar Park. The solar park in the province of Udine covers an area of 32 hectares and belongs to the investor Allianz Specialised Investments. As general contractor, IBC SOLAR took over the planning and project management work ...

The engineering, procurement and construction (EPC) contract is for three utility-scale solar plants with an estimated value of nearly US\$770 million, which was secured by the company's energy ...

Wood secures \$200m solar EPC contract in Virginia, US. Global engineering and consulting company Wood has expanded its presence in the US renewable energy sector by securing two solar engineering, procurement and ...

With this project, the Indian EPC brings its total portfolio of projects under execution for NTPC to nearly 2.5GW, while its overall portfolio of EPC solar and storage projects - either ...

French civil engineering construction company Eiffage has secured an engineering, procurement and construction (EPC) contract worth EUR120m for a 250MWp Campanario mega solar project in Spain. US-based green energy supplier Elawan Energy has awarded the contract to the company through Eiffage Energía, a Spanish subsidiary of Eiffage Énergie ...

EDF aims to build a "whole house" net zero offering combining solar, battery energy storage systems (BESS), electric vehicle (EV) chargepoints and heat pumps. Image: Nottingham City Council. Energy supplier EDF today (22 February) confirmed the acquisition of the Chorley-based solar panel and battery installer Contact Solar.

German EPC Ib vogt has started construction on a utility-scale project in Australia's New South Wales (NSW). Berlin-headquartered Ib vogt has commenced early EPC design works for its 109MW ...

In terms of renewables construction work, Mytilineos signed new third-party EPC deals for 878MW of solar and energy storage projects last year, located countries including Uzbekistan, with its ...

This project will be the first large-scale solar project of the ESB-Bord joint venture, which intends to build up to 500MW of solar farms on Bord's land. Voltalia received the contract to undertake engineering, procurement, and construction (EPC) works for the farm.

Solar engineering, procurement and construction contractors have a central role in ensuring the long-term performance and profitability of PV power plants. Ben Willis speaks to Adele Ara and Ralph ...

Nobody benefits from these EPC tables, not even the companies at #1 position, if they suspect the analysis was fundamentally flawed from the start. Our new analysis is done purely bottom-up from matching the known and confirmed solar farms - that make up the 5.3GW of installed solar farm capacity - to the lead-EPC that performed the work.

The contract value is approximately US\$972 million (RMB6.979 billion). The project is in the western part of Saudi Arabia, about 93km northeast of Taif city, in Makkah province, and will have a ...

The most successful model employed by EPC-capable companies within the UK solar market has been from those getting involved at the initial planning process (or acquiring approved sites), doing the lead EPC work in-house, and then flipping SPVs to third-party portfolio asset holders. This accounts for almost half of the installed capacity from ...
