Demographic profile. The Central African Republic's (CAR) humanitarian crisis has worsened since a coup in March 2013. CAR's high mortality rate and low life expectancy are attributed to elevated rates of preventable and treatable diseases (including malaria and malnutrition), an inadequate health care system, precarious food security, and armed conflict.

5 ???· With ample supplies of diamonds, gold, uranium, and oil, Central African Republic (CAR) should be thriving and rank as one of the world's richest nations. But instead, it suffers from abject poverty and competition between rival warlords. CAR gained its independence from France under the strong leadership of Barthélemy Boganda. But since then the nation has oscillated ...

3 ???· Central African Republic - Economy, Resources, Poverty: Agriculture is the largest sector and the basis of the Central African economy, contributing half of the gross domestic product and occupying nearly four-fifths of the workforce; diamonds and timber also contribute to the economy.
