

San Marino quantumenergy

Who is quantum energy?

At Quantum Energy, we are more than just an electric vehicle company. We are a passionate group of innovators who believe in creating a better, more sustainable future for everyone. And we're doing it one ride at a time. Our commitment to excellence is evident in everything we do.

Why should you choose quantum energy?

Running on clean, renewable electricity, our scooters produce zero emissions and have a much lower carbon footprint. We seek to promote the adoption of electric vehicles in India and contribute to the country's efforts towards a durable and carbon-neutral future. Quantum Energy is the smart choice for sustainable transportation.

Why should you join quantum?

Join Quantum's mission to expand sustainable transportation across India. Become a dealership partner today! 0 to 80% electric scooter charge in just 12 minutes!

Does San Marino have a VAT system?

Under the European Union customs agreement, San Marino import tax is considered equivalent to the European VAT system. A separate tax on services, with a rate of 3%, has been introduced in 2011. The introduction of a true VAT system, not dissimilar from the European one, is under development.

Where is San Marino located?

San Marino is surrounded by Italy in Southern Europe, i.e. almost completely by the province of Rimini in the region of Emilia Romagna and, only on a stretch of about three kilometres in the south, by the province of Pesaro and Urbino in the Marche region. San Marino lies about ten kilometres (six miles) from the Adriatic coast at Rimini.

Can quantum chance constrained binary optimization be used for mixed-integer linear programming?

Researchers at the National Renewable Energy Laboratory are working on this aspect 7, and they presented results on quantum chance constrained binary optimization and quantum computing for mixed-integer linear programming.
