

San Marino solar panel 60v

The unused SunPower 360W panels are high efficiency 96 cell mono solar panel. These panels were designed with longevity in mind as the cells are built on a metal foundation which makes them impervious to corrosion and cracking.

The solar panel did better than I thought it would by getting 45-50W of consistent power in the sun. And it charged my River from around 30% to 100% in 4hrs. I bought what I could currently afford but love the fact that I can add another solar panel in the future.
