Kenya Power is set to double the voltage of some of its power lines in Nairobi to reduce technical losses. Of the total transmission lines, about 7,000 kilometers are high-voltage, which records the least technical losses. The 82,000km of medium voltage and 200,000km of low voltage distribution lines record the highest losses.

Sauti Sol has done it again. They have reminded us why they are the biggest group in Kenya, and one of Africa's most popular male groups. Their new single, "Suzanna," comes on the heels of their deal with Universal Music Africa and the announcement of their upcoming album, "Midnight Train." If this single is an indicator of what to expect going forward, ...
