How much is shuangliang eco-energy's 950 million PV wafers worth?

PV wafer manufacturer Shuangliang Eco-Energy announced it will supply 950 million PV wafers to solar cell maker Jiangsu Longheng New Energy Co.,Ltd. The products will be shipped from January 2022 to December 2024. The value of the supply contract is estimated at around RMB6.53 billion (\$995.1 million).

Who are shuangliang Eco-Energy and utmolight technology?

This week, Shuangliang Eco-Energy has signed a multi-year sales contract for delivery of its PV wafers to solar cell manufacturer Jiangsu Runergy, and Wuxi-based perovskite start-up UtmoLight Technology has won a Pre-A round investment of RMB 220 million from several private equity funds.

Does shuangliang manufacture PV wafers?

Shuangliang used to focus its business on ingot furnace systems; however, it began manufacturing PV wafers in 2021. This September, the company announced two strategic purchasing contracts with Jiangsu Zhongneng and TBEA, respectively, to secure at least 135,000 MT of polysilicon supply over the next four years.

Why did shuangliang Eco-Energy Systems stock surge?

(Yicai Global) Feb. 15 -- Shares of Shuangliang Eco-Energy Systems surged after a unit of the Chinese photovoltaic wafer maker received a CNY16 billion (USD2.5 billion) order from Trina Solar. Shuangliang [SHA: 600481] closed 6.6 percent up at CNY11.15 (USD1.76) today, after earlier soaring as much as 8 percent.

Why should you support shuangliang Eco-Energy?

Shuangliang boosts to build a "net-zero carbon city", deeply expanding the application of energy conservation and emission reduction. We also appreciate all of our customers and partners, every step of Shuangliang's energy-saving efforts is made possible by your support. Recently Shuangliang Eco-Energy released its 2022 ESG report.

How did shuangliang achieve a 'net-zero carbon city'?

Last year, while maintaining growth in our traditional energy-saving business, Shuangliang also made good progress in the photovoltaic industry chain and green hydrogen production equipment. Shuangliang boosts to build a "net-zero carbon city", deeply expanding the application of energy conservation and emission reduction.

Under the terms of the agreement, Shuangliang will supply monocrystalline silicon double-sided double-glass photovoltaic modules, supporting technical materials, special tools and spare parts with a contract ...

(Yicai Global) April 7 -- Shuangliang Eco-Energy Systems plans to spend CNY5 billion (USD786 million) to construct a 20-gigawatt photovoltaic module facility as the Chinese silicon wafer manufacturer starts to make
