

Is Singapore the world's busiest container port?

IN 2021, Singapore's container throughput rose to a new record high of 37.5 million 20-foot equivalent units (TEUs), helping the Republic to retain its pole position as the world's busiest container transshipment port.

Why is Singapore a top bunkering port?

Singapore also kept its position as the top bunkering port, registering a total sales volume of both conventional fuels and liquefied natural gas of about 50 million tonnes last year.

How many shipping containers are there in Singapore?

Industry-specific and extensively researched technical data (partially from exclusive partnerships). A paid subscription is required for full access. The container throughput in Singapore amounted to approximately 39 million shipping containers, or Twenty-foot Equivalent Unit (TEUs), in 2023.

Is Singapore the second largest container port in the world?

Singapore is perceived to be the second largest container port in terms of cargo tonnage and is only surpassed by Shanghai. The port handled about 37.29 million TEUs (Twenty Foot Equivalent Unit) in 2022, indicating only a slight increase compared to 2020 despite the global recession due to COVID-19.

How did container volumes grow in Singapore in 5m 2024?

The total container volumes handled in Singapore in 5M 2024 reached 16.90 million twenty-foot equivalent units (TEUs), reflecting a 7.7% year-on-year (YoY) increase in container volumes from 5M 2023. Container lines continue to work closely with PSA, MPA, the Ministry of Transport, and the unions, to grow their container volumes through Singapore.
