

# Smappee energy Costa Rica

What is smappee's future-proof energy management system?

Smappee's future-proof energy management system uses state-of-the-art technology to analyze the real-time use of electricity and solar power. The system not only provides a large amount of highly valuable, actionable data down to the appliance level but also allows users to control their energy flows.

Does Costa Rica have a Green Energy Miracle?

Costa Rica's green energy miracle is at a critical juncture. According to the National Electricity Control Center, Costa Rica's renewable energy generation decreased from 99% in 2021 to 98% in 2022. It is estimated to be between 92% and 95% in 2023.

How did Costa Rica start generating electricity?

They started building hydroelectric plants and bringing electricity to every corner of the nation," said Guti rrez. Costa Rica later began to gradually diversify its energy production. "We exploited our geothermal sources, but when greenhouse gases became a concern, ICE began to focus on wind energy."

How has Costa Rica diversified its energy production?

Costa Rica later began to gradually diversify its energy production. "We exploited our geothermal sources, but when greenhouse gases became a concern, ICE began to focus on wind energy." As the population has grown, the demand for energy has increased.

Is Costa Rica a good place to buy energy?

Erick Rojas, the vice president of the Chamber of Energy Distribution and Telecommunications Companies (CEDET), states that energy prices in Costa Rica are currently lower than those in Europe, the United States and the rest of Central America. Costa Rica also exports a portion of its energy to neighboring countries.

Does Costa Rica have an electricity grid?

Only a few countries have developed an electricity grid powered mostly by renewable sources. Surprisingly, Costa Rica is one of them. For years, Costa Rica has relied on clean energy for up to 99% of its electricity, putting it in the league of innovative countries like Iceland, Norway and New Zealand.
