1.1 Power batteries need to be highly reliable and absolutely safe, and the market space is larger and more challenging. Compared with mobile phone batteries, automotive power batteries are mostly modular batteries with a large number of cells connected in series and parallel, which places high demands on the automotive BMS.

Aujourd'hui, les batteries au lithium ont un large éventail d'applications. Les différents domaines et scénarios d'application ont des exigences différentes pour les packs de batteries, comme par
