Facebook users in the Northern Mariana Islands in 2024. Data published in Meta's advertising resources indicates that Facebook had 29.6 thousand users in the Northern Mariana Islands in early 2024.. However, Meta has made important changes to the way its advertising resources report audience reach data over recent months - including making ...

The Northern Mariana Islands are located in the middle of the ocean, just north of Guam, and consists of a string of islands including Saipan, Tinian, and Rota. Unlike Guam, these islands are not a US territory, but they are considered to be a Commonwealth. With the island's main source of revenue coming from tourism, there are so many ...

The Northern Mariana Islands, officially the Commonwealth of the Northern Mariana Islands (CNMI), [a] [11] is an unincorporated territory and commonwealth of the United States consisting of 14 islands in the northwestern Pacific Ocean. [12] The CNMI includes the 14 northernmost islands in the Mariana Archipelago; the southernmost island, Guam is a U.S. territory.
