

Sustainable Power Solutions is Seychelles' leader in electric vehicle sales, repairs, maintenance & upgrades. We are the authorised Seychelles agents for HDK & NIU Electric vehicles, Trojan ...

SMS group is also developing a solution that combines pyro- and hydrometallurgical steps for recycling complex metal-bearing materials, including lithium-ion batteries. The advantage of this new process route is that it offers more flexibility when processing rapidly changing battery chemistries.

Shenzhen Sms Energy Storage Technology Co., Ltd. Products: Energy Storage Battery, Lithium Ion Batteries, Home Energy Storage Systems, Energy Storage Container, Industrial and Commercial Energy Storage

SMS group is also developing a solution that combines pyro- and hydrometallurgical steps for recycling complex metal-bearing materials, including lithium-ion batteries. The advantage of this new process route is that it offers more flexibility when ...

Hans Ferkel: The technology is specifically designed to meet the requirements of lithium battery producers worldwide and of the global e-vehicle sector. The market entry of Primobius ...

Primobius is developing a sustainable recycling solution that targets the recovery of battery materials that are contained in production scrap and end-of-life lithium-ion batteries (LIBs), materials that might otherwise be disposed of in landfill or ...

On March 28th, Primobius took another important step with a grand opening event. The two joint venture partners, Neometals and SMS group, had invited guests from politics, business and the media to an official ceremony in which they gave the go-ahead for commercial operation of the battery recycling plant starting in May 2022.

Hans Ferkel: The technology is specifically designed to meet the requirements of lithium battery producers worldwide and of the global e-vehicle sector. The market entry of Primobius coincides with the current boost in e-mobility. Our recycling solution supports this trend in that it provides the possibility of recycling batteries sustainably and recovering substances - in an ethically ...

Unser Joint Venture Primobius entwickelt eine nachhaltige Recycling-Lösung für Lithium-Ionen-Batterien, die den Übergang zur E-Mobilität von entscheidender Bedeutung sind.
