

Sok lithium battery Laos

Who is Sok battery?

SOK battery is a leading manufacturer and supplier of lithium iron phosphate batteries (LiFePO₄). Established five years ago by a team of 3 engineers from CALB, we at SOK have provided our satisfied customers with more than 130,000 pieces of cells and 14,000 sets of battery packs and received good feedbacks from them.

How long do Sok batteries last?

Each SOK Battery lasts for approximately 4,000-8,000 life cycles, according to the product manufacturer. Although this is a wide range, daily discharges of a SOK battery last for anywhere from 10-20 years. With over a decade of daily energy storage, SOK batteries are a great investment for an off-grid DIY solar power system.

How much does a Sok battery cost?

At this level, the rough price is \$5.14 per amp-hour and \$0.39 per watt-hour. SOK batteries have an advanced battery management system (BMS) installed directly in the casing. The built-in smart system protects itself against potential damage by balancing the storage cells and automatically adjusting rates of electricity flow.

Are Sok batteries good?

SOK batteries are praised for their durability, temperature protection, and long lifespan. However, being a new brand, some users might be hesitant due to limited availability and the lack of a long-term track record. Compared to other brands like Lion UT1300, BattleBorn, and AIMS, SOK batteries offer competitive pricing and features.

How does a Sok battery work?

SOK batteries have an advanced battery management system (BMS) installed directly in the casing. The built-in smart system protects itself against potential damage by balancing the storage cells and automatically adjusting rates of electricity flow. SOK's advanced BMS systems help protect against:

What is the difference between AIMS 200Ah Sok and AIMS lithium battery?

The AIMS 200Ah lithium battery comes with Bluetooth tracking, among other premium features. As you may expect, this AIMS battery is more expensive than its SOK equivalent, although it too comes with a longer standard warranty period. Here is a quick look at the 200Ah SOK Battery vs the 200Ah AIMS Lithium Battery:

SK12V100H lithium iron phosphate battery is designed for cold temperature performance built-in with 60Watts heater pad inside. Also, SK12V100H built-in bluetooth function. ... Download the app to connect and monitor your SOK ...

Does the SOK battery have low-temperature protection? Yes. The BMS inside the battery will prevent charging below 0°C in order to protect the cells. ... SOK 100Ah | 12V - LiFePO₄ Lithium Battery.
