

# Solahart power store Syria

What is a Solahart powerstore?

The Solahart PowerStore is a battery storage system designed to work with a solar panel system. It is available in a range of sizes, from 5.5 kWh to 17.6 kWh. It is designed to help households store excess solar energy during the day for use during peak energy periods or at night.

Are you happy with the Solahart powerstore?

On the monitoring it shows 89% of hot water energy in the last year from solar (see attached). It has been amazing. Couldn't be happier. I came across the Solahart PowerStore. Has anyone had any experience with this and if so are they happy with it? The Solahart PowerStore is a battery storage system designed to work with a solar panel system.

What products does Solahart offer?

Solahart offers a comprehensive range of solar products, including solar power systems, solar hot water solutions, heat pumps, battery storage, and the innovative Solahart PowerStore – Australia's first solar-smart electric water heater. Take control of your energy consumption and future-proof your home against rising utility costs.

How is Solahart powerstore different from conventional water heaters?

Solahart PowerStore is different to conventional water heaters in three important ways. It is designed to intelligently interact with your solar panels to divert excess solar power when it's available for maximum efficiency.

Does Solahart combined energy gateway work?

Just had a solar system installed by Solahart, comprised of 7.6 kW panels, PowerStore tank and importantly the Combined Energy Gateway, a wifi connected computer in my meter box. I think Solahart always quote the Gateway in their PowerStore systems. It works!

Where can I buy a Solahart water heater?

Since 1953 we have installed more than one million solar systems worldwide. Solahart Water Heaters are only available through Authorised Solahart Dealers, who are all trained and qualified to high standards. Our simplest and most efficient water heater Slimline design for minimal visual impact International Commercial Solutions

The staff and tradesmen at Solahart are so welcoming, responsive to enquiries and know their products well. The sales staff are honest in their assessment of how many solar panels your house needs, how to change over from a gas hot water service to an Electric Hot water service. Let you know how your Battery and panels are performing.
