From cutting-edge solar panels to advanced storage systems, this event offers a comprehensive showcase of the latest innovations in the industry.

What is solar & storage live?

Solar &Storage Live offers you a unique opportunity to connect with a large and targeted audience of Swiss solar professionals looking for the latest solar and storage products and services.

Is Switzerland a good place to invest in solar PV?

Switzerland still has a largely unexploited solar PV potential in already-built-up areas. An economic optimum could be reached if fewer than two out of three roofs are covered. The next step is to determine which roofs are most suitable.

What's happening in Zurich in September 2024?

Join us in Zurich in September 2024, where we'll bring key stakeholders within the energy value chain together with the innovators and disruptors to showcase their technology and service solutions needed to enable change at this critical time.

The declining cost of Solar PV and Solar installation started to drive up the market demand for Solar generation in Switzerland. Solar PV modules are now 80% cheaper than what they were in 2009 and such a shift has enabled the Swiss Solar market to skyrocket.
