

Solar battery cabinets for sale Estonia

How will a solar energy storage facility work in Estonia?

The proposed facility is planned to be installed in Ida-Viru county in Estonia's northeast. It will provide one hour of storage capacity, during which it will release electricity equal to the consumption of around 150,000 households. It will enable the storage of solar power produced by 2,500 residential installations for over two hours.

Did Corsica sole and evecon plan a battery storage complex in Estonia?

Planned battery storage complex in Estonia by Corsica Sole and Evecon. Image by: Pinnaseuuringud OÜ @LinkedIn.

Who owns the energy storage facilities?

The energy storage facilities will be built through the Baltic Storage Platform, a joint venture in which Evecon will have a 20% stake and Corsica Sole be the controlling owner with 80%.
