Solar Electronics Company (also known as A. T. Parker) is a company engaged in the design and manufacture of quality specialty test equipment. It provides antennas, capacitors, coupling networks, generators, line impedance stabilization networks, probes, resistive devices, transformers, and other products.

Sunvolta Energy is an energy company based in Kosovo and active in South East Europe region. As the fastest-growing solar PV company in the region, we pride ourselves on our expertise, innovation, and unwavering commitment to quality. ... M ...

It's clear there is a growing need for alternative forms of energy, and with Kosovo's 240 days of sunlight a year, solar is a strong contender. "The potential of solar energy in Kosovo is extraordinary," says Ernal Imeri, Managing Director at ESCO, a Kosovar company that analyses, designs, and installs photovoltaic systems.

APPLICATION The Solar Model 9355-1 Pulse Generator is designed to provide impulse excitation by means of an injection probe placed around interconnecting cables or power wires. The unit uses a charged transmission line (50 Ω) to generate a pulse with less than 2 nS rise and fall time, and duration of approximately 35 nS, calibrated in a 50 Ω fixture to deliver up to 5 A at a rate ...
