Solar energy limited Eswatini

Does Eswatini have a solar power plant?

The company currently has one solar plant, Lavumisa 10MW Solar PV Plant. The power plant, which tracks the sun from morning to sunset, generates a capacity of 13.75MW and contributes a guaranteed capacity of 10MW to EEC's power grid. There are several ongoing projects that are geared to improve Eswatini's citizens access to electricity.

Who is Eswatini electricity company?

Terms of Use The Eswatini Electricity Company (EEC) is engaged in the business of generation, transmission and distribution of electricity in the Kingdom of eSwatini. Our technical expertise in the power industry is well recognised energy player especially in the Kingdom of Eswatini and SADC region.

What is Frazer solar doing in Eswatini?

Frazer Solar has developed a large-scale solar-storage projectin Eswatini to supply electricity to the SADC grid for IPP client Frazium Energy. Upon commissioning, this will be one of the largest battery projects in Africa. CSR is a key focus for Frazer Solar.

Can solar power help Eswatini achieve its electrification goals?

Although Eswatini's electrification rates are relatively high, they are still a long way off 100% (the country's target for 2022). Solar power is the most viable solution for Eswatini to help meet its electrification goals and save costs down the line.

Does Eswatini have electricity?

Despite being one of Africa's smallest countries, Eswatini has an impressive, diverse topography and climate. Unfortunately, its electricity infrastructure is not reliable.

Why is Eswatini's PV market growing?

The biggest driver of growth in Eswatini's PV marketcomes from private PV projects. In hopes of reaching ambitious goals, Eswatini has made solar panels and batteries exempt from import duties to help with this.

In the heart of the Southern African plains lies Eswatini, a small landlocked country formerly known as Swaziland. A nation that has long relied on neighboring South Africa and Mozambique for unsustainable fossil fuel-based ...
