How much does it cost to buy a Solar Grid franchise?

To buy a franchise with Solar Grids, you'll need to have at least liquid capital of \$50,000. Franchisees can expect to make a total investment of \$50,000 - \$93,500. They also offer a discount for veterans (10%).
*What does Liquid Capital mean? What does Total Investment mean?

What is Solar Grids?

Solar Grids® is a proven franchise model for starting a solar energy business. It allows you to focus on closing solar deals without worrying about running a business.

Are solar energy franchises white-collar?

There are many solar energy franchise opportunities that are white-collar in nature, meaning franchises are only responsible for bringing in the customers, then the corporate office takes it from there. As Arvo Solar states, "As the franchisor, Arvo Solar does all of the heavy lifting!"

How can I become a solar energy business owner?

To become a solar energy business owner with Solar Grids, you don't need any technical degrees, professional licenses, or a solar energy background. All it takes is ambition and determination. Why choose Solar Grids? You will receive a territory population of 500,000, which is larger than what competitors offer (200,000 - 250,000).
