The construction of the Grimaldi Forum solar power plant is part of the Government of Monaco's proactive energy transition policy. Meanwhile, the Grimaldi Forum has long built a green policy into its corporate strategy, obtaining ISO 14 0001 certification in 2008, one of the first convention centres in the world to achieve the international ...

The solar in our 2001 Signature has stopped working. We have a BP 90 watt solar panel and a RV-30D charge controller. This was on my list of items to replace, however it was working putting out 4 to 4.5 amps. Not enough to cover the new residential refrigerator, however it helped. I tested the pa...

The Victron mppt solar charger, will let you see the battery voltage. Plus it tracks the daily high and low voltages, and how much power (watts) it adds to the battery. I find it add just a little every day - about 70 W/hrs. So even a 50w solar panel will be plenty.
