Solar panels, which effectively function as the roof, and offer weather protection (in-roof installation), are more expensive. There are several well-known Swiss manufacturers who manufacture and deliver panels for almost every type of roof. Solar tiles, panels integrated into the fa&#231;ade or special designs are also available on the market.

Swiss Luxra Holding AG is a Swiss holding company of which the brand was founded in the year 2010. It is a renewable energy solution provider company, with a major focus on producing high-quality Solar photovoltaic (PV) modules. The company with its diversified geographical locations is headquartered in Cham, Canton of Zug, Switzerland.

The solar panel manufacturer has in stock many different types of panels, ranging from their standard ones to a new series of smart panels, which include services such as real-time monitoring and smart installation. I would like to recommend from their list of innovative products the Eclipse Series of solar panels.
