Very informative about how the solar panels would be installed and when. Ebony Muzyk . 2023-12-18. Thank you to Rory and the team at Lite Force for their 5 star service during our recent solar install! From the first point of contact, through to quoting, the application process and finally the installation, the team have been great to deal with ...

*How we worked out your Solar Savings. The estimated savings you can make with our Solar Savings tariff are based on a 2-3 bedroom home with a medium electricity demand of 2,700kWh (Ofgem), installing a 10 panel system with a 3.68kW inverter and a 10.5kw battery via a Good Energy package. It is estimated that you will export 20-25% of the power you generate.
