Is Huaneng Power launching a floating solar park in China?

Huaneng Power's Dezhou Dingzhuang floating solar park in China. Image by: Huaneng Power Intl. Chinese power producer Huaneng Power International Inc (HKG:0902) on Friday said it has connected to the grid the second phase of a 320-MW floating solar complex at home, touted as the largest one globally.

Where is Huaneng Power International's 320 MW floating PV plant located?

Huaneng Power International has switched on a 320 MW floating PV array in China's Shandong province. It deployed the plant in two phases on a reservoir near its 2.65 GW Dezhou thermal power station. Huaneng Power International (HPI) has completed the world's largest floating PV project - a 320 MW facility in Dezhou, in China's Shandong province.

Will Huaneng Power build a solar plant in Fengcheng?

Huaneng Power also plans to build a 2 GW solar plant in Fengcheng, Jiangxi province. The experimental array will include floating PV, agrivoltaics and solar parks on fishponds. The first 320 MW unit will be completed this year, with the rest of the capacity to be installed by 2026.

What is China Huaneng's 15 GW solar panel Procurement Round?

China Huaneng has kicked off a 15 GW solar panel procurement round, drawing participation from China's largest PV module manufacturers. China Huaneng said that it has shortlisted candidates for its 2024 second-round framework agreement tender for solar module procurement, totaling 15 GW.

Where is China's 320 MW floating solar photovoltaic project located?

The Chinese state-owned power utility China Huaneng Group has commissioned a 320 MW floating solar photovoltaic (PV) project on a reservoir near the 2,650 MW Dezhou thermal power plant in the Shandong province (China).

How much electricity will Huaneng generate a year?

The facility is expected to generate around 550 million kWh of electricity per year, the company said, without disclosing additional technical details. Huaneng won't hold the "largest" title for long, as a 600 MW floating solar farm is expected to come online in Madhya Pradesh, India, by 2023.

As leading monocrystalline solar module manufacturer in China, offer you can get top-tier quality, high performance, and reliable solar panels tailored for your projects from our company. Our ...

Huasun Energy, a leading player in the heterojunction (HJT) solar sector, has achieved a significant milestone by winning a major contract in China Huaneng Group Co., Ltd.'s recent procurement tender for photovoltaic ...
