Solar Powered Outdoor Camping Lanterns Light up the night with a compact and portable lantern, powered by the sun. Designed to fit in your backpack or glove compartment, LuminAID Solar Lanterns are perfect for exploring the great outdoors, preparing for an emergency, or just taking the dog for a walk around the block.

Die Größe der Solaranlage für den Camper-Van ist wichtig, denn sie entscheidet darüber, ob du mit dem daraus produzierten Strom auskommen wirst. Doch um herauszufinden, welche Größe zu deinem Fahrzeug passt, orientierst du dich am besten an mehreren Faktoren. Einer der wichtigsten Faktoren ist der Stromverbrauch.

Here's an example of a LEVEL 1 + MPPT controller with 100w solar panel I built for a Tacoma tucked under the hood: LEVEL 2 or higher is for people who want to be off the grid at the same location, no driving, for more than 24h. It considered the best value, and the whole diagram below can all easily fit (not including solar panels) in a 15x30" box.
