SolarMall is a leading online retailer of solar products and services in Nigeria.

Why should we use solar power in Nigeria?

Nigeria is blessed with so much sunshine, so why not exploit it. Solar power systems use energy from the sun to save people money and resources. The solar panels are made of silicon, which is a resource that grows on trees. Without these panels, our planet will be overpopulated with pollutants that harm us in many ways.

How can Niger balance its energy mix?

This transformative project, funded by the World Bank through the International Development Association (IDA), will enable Niger to better balance its energy mix, which is currently largely dominated by thermal energy. This initiative is particularly crucial for a country that frequently faces climatic shocks.

Why should you choose Oolu solar home systems?

Oolu's solar home systems provide households with brighter, more efficient lights and in-home chargers at a small fraction of their standard monthly energy expenditure. We replace dim, low-quality flashlights and lamps with the best technology available.
