

Who built the first solar plant in North Macedonia?

The 10MW solar plant, built on the site of the spent Oslomej lignite coal mine, was constructed by the public company JSC Elektrani na Severna Makedonija (ESM). This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation.

How much solar power does North Macedonia have?

Solar power Built on a former lignite open pit mining site, North Macedonia's Oslomej solar park will have an installed capacity of 120 MW when fully completed. © Ciril Jazbec

How will a new solar plant help Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "The new solar plant will help the country, which faces severe air pollution from coal, to reduce its reliance on ageing coal-fired infrastructure. It will also generate cheap electricity in times of very high market prices.

Why is EBRD launching a solar PV plant in North Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "This is a very important project for the country's energy transition. It is a continuation of our previous work in backing the ambitious decarbonisation plans of North Macedonia by organising solar PV tenders and constructing the first-ever utility scale solar PV plant in the country.

What are the decarbonisation plans in North Macedonia?

Decarbonisation plans in North Macedonia are taking a big leap forward. The European Union (EU) is supporting ESM, the state-owned electricity company, to implement a 30 MW photovoltaic (PV) project consisting of 10 MW on a portion of the exhausted coal mine of thermal power plant Oslomej, and 20 MW adjacent to the thermal power plant Bitola.

Should North Macedonia accelerate the transition to renewables?

Like others in the region, North Macedonia must balance its need to rapidly accelerate the transition to renewables to secure its energy future with the need to ensure that future is one where both the country's nature and people thrive.

GEN-I completed the construction of the largest solar power plant in North Macedonia and connected it to the grid in September, 4 months ahead of the government's deadline. ... SolarPower Europe signs strategic partnership to support solar energy growth in Croatia. November 30, 2024. Strengthening energy security through regional cooperation ...
