Dayton, NJ (February 28, 2023) - Somfy, the world's largest manufacturer of motors for interior window coverings and exterior solar protection, today announced the Wirefree Li-ion Solar Panel is available directly to the North American consumer market. The Li-ion Solar Panel is an innovative charging solution compatible with Somfy's range of WireFree motors.

Solar-powered sun shading is driven by an integrated electric motor. The motor is powered by the solar panel. The solar panel captures light and converts it into electric energy, regardless of the sunlight's intensity. The generated energy is stored in the battery. Direct sunlight is not necessary for the solar panel to generate energy.
