

Southeast Yingli Solar Power Generation

Who is Yingli in solar panels?

Yingli is a leading Chinese manufacturer of solar PV modules. We have chosen Yingli Solar Panels for our complete systems due to their module quality, performance, and company financial health and stability. Yingli is one of the leading solar panel manufacturers in China.

Why did Yingli energy publish a bifacial photovoltaic test method?

In 2020, Yingli Energy took the lead in publishing the Test Method for Electrical Parameters of Bifacial Photovoltaic (PV) Modules, which not only filled the vacuum in domestic standards for bifacial PV modules, but also was of great significance for promoting China's PV technology to continuously lead and be an authority in industry standards.

What is Yin xulong's view on the future of PV industry?

On the morning of November 29, Yin Xulong, President of Yingli Energy Development Co., Ltd., expressed his unique views on the future potential of the PV industry from the perspective of energy structure transformation. He said that in the process of realizing the global net-zero emissions goal, the PV industry will play an irreplaceable role.

How is the PV industry embracing new development & transformation?

From energy saving and consumption reduction through renewable energy in the initial stage to the large-scale application of digital and intelligent technology and continuous breakthroughs in the intelligent energy industry and the construction of green supply chain systems, the PV industry is embracing new development and transformation.

By deploying advanced PANDA N-type TOPCon 575W bifacial modules, Yingli product has achieved exceptional power generation, reliability, and cost-efficiency. These modules feature a low-temperature coefficient and ...

The agreement is for two Japan solar power plants: the first one is called Hayato, which will install more than 52,650 pieces of YL320P-35b multi-crystalline solar panels and has a capacity of ...

As a leading global provider of smart PV energy solutions, Yingli Solar will continue its independent research and development and technological innovation to promote the green transformation...

In this exhibition, Yingli Group's YC Solar brought TOPCon high-efficiency photovoltaic modules, BIPV products, and supporting auxiliary materials of Yitong Solar to make a stunning debut, ...

Build a Green and Beautiful Homeland for All. 2023 Received the "Global Best Performance" Component Manufacturer Award from PVEL ; 2022 Received the "Overall Best Performance Award" issued by RETC ;

Southeast Yingli Solar Power Generation

2021 Supplied to and ...

Completed the restructuring of Yingli Solar successfully, and stepped onto a new path Ranked among Bloomberg New Energy Finance's tier-1 PV module manufacturers 2022; Joined hands with Huawei and North China Electric ...
