

Spark solar kit Timor-Leste

Is there a market for roof-top solar energy systems in Timor-Leste?

Australia's Market Development Facility (MDF) and ITP Renewables conducted an assessment of the potential market for roof-top solar energy systems in Timor-Leste.

What is a spark solar kit?

Provide access to clean, safe and sustainable energy with the Spark Solar Kit. Every Solar Kit is part of a complete ecosystem consisting of the products, our PayGo integrated Spark portal and on-site support. Thanks to its modular nature, the ecosystem grows along with the development of the village and needs of our partners.

What does a solar technician do in Timor-Leste?

Technicians in Timor-Leste have experience in small-scale, off-grid solar energy systems. Commercial or industrial scale installations are more complex and appropriate technical capacity is scarce.

How long does a solar system last in Timor-Leste?

High electricity costs and readily available solar radiation mean that the average payback period for a rooftop photovoltaic (PV) solar energy system in Timor-Leste is only 1.5 to 3 years instead of the global average of 6-10 years. Transitioning to solar can also help the country meet environmental commitments.

Is Timor-Leste a good country for solar energy?

Timor-Leste has a high-quality solar resource. The global horizontal irradiance in Dili is higher than on the east coast of Australia, where the solar market is mature and installation costs are higher. The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries.

How much does electricity cost in Timor-Leste?

The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries. For instance, in Indonesia industrial electricity tariffs are 0.11 USD/kWh, compared to 0.24 USD/kWh in Timor-Leste.

January Weather in Dili Timor-Leste. Daily high temperatures decrease by 2°F, from 90°F to 89°F, rarely falling below 85°F or exceeding 95°F. Daily low temperatures are around 77°F, rarely falling below 75°F or exceeding 79°F.
