What's happening in Darlington?

Officials representing the Government Planning Inspectorate, the applicant, and residents were present in Darlington on Tuesday and Wednesday at the opening of the hearing. Stretching from Brafferton, off the A167 near Darlington, to the north east of Bishopton, the Byers Gill Solar Farm is set to generate energy for about 70,000 homes.

How long will solar panels last in Brafferton?

The six areas outlined for the solar panels are Brafferton, Hauxley Farm, Byers Gill Wood, Great Stainton, and two near Bishopton. The project will have a lifespan of 40 years, after which the land will be returned to its former state, said applicant RWE.

Could a solar farm be a prisoner in Bishopton?

Bishopton resident Norman Mullaney told how one resident warned of becoming "a prisoner" in the village if the solar farm is approved. "There is a large amount of anxiety and anguish about the impact of the poorly-located solar farm," he said. "The size and location of the development is a major concern. It's been dropped in.
