Temporarily store the energy from your photovoltaic energy, then use it when you need it, and when the solar energy is abundant, you can sell the extra to the electric energy company. This enables you to use green energy 24 hours a day, can greatly reduce your electricity costs, even can make contribution to the green energy transform for ...

The first thing that I have to set the record straight on is the naming. The official name of the country is French Polynesia when in 1957, the islands were reconstituted into a French Overseas Territory. The name The Islands of Tahiti is often used as an alternate to describe the uniting of five distinct island chains.. However, I'll be the first to admit that it does ...

Over the course of February in French Polynesia, the length of the day is gradually decreasing om the start to the end of the month, the length of the day decreases by 22 minutes, implying an average daily decrease of 47 seconds, and weekly decrease of 5 minutes, 29 seconds.. The shortest day of the month is February 29, with 12 hours, 23 minutes of daylight ...
