St. Vincent and the Grenadines

St. Vincent and the Grenadines (SVG) is one of the last untouched corners of the Caribbean. Blessed with verdant volcanic slopes, welcoming locals and remote island outposts that stretch across 70 miles of clear blue sea, it is a place where savvy scuba divers and adventurous island hoppers alike can discover wild adventures both above and below sea.

The mainland of St. Vincent is volcanic and features a lot of black sand beaches, whereas in the Grenadines we have the stunning contrast of coral islands with pristine white sand beaches. One of the things that people don't realise about black sand beaches, especially where the waves break, is that on a sunny day, the water is clearer than ...
