Who is Staco energy?

Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world. In an industry where companies come and go, Staco Energy continues to provide the reliability and continuity you need. We support products we made three months ago, we support products we made thirty years ago.

Is Staco energy still in use?

And yes, they are still in use all over the world. Staco Energy is a wholly owned subsidiary of the Components Corporation of America (CCA) located in Dallas, Texas. CCA is a privately held corporation and is currently seeking acquisition of companies and product lines.

When will Gabriella join Staco energy products?

We officially welcome Gabriella to our Staco Energy Products team starting August 28th, and we're confident she'll make a significant impact on our marketing efforts. Please take the chance to introduce yourselves and offer a warm welcome to Gabriella as she joins us.

Who was Cary Hocker & what did he do for Staco energy?

Cary passed away on August 10, 2021. He formed Components Corporation of America and was instrumental in the purchase of Staco Energy Products. His leadership was an inspiration to all of us and we will forever be grateful. With Nicole's departure, I am promoting Alex Hocker to Plant Accountant for Staco Energy.
