

Sun smart solar Spain

Who is solar sun Spain?

At Solar Sun Spain, we carry out photovoltaic installations of all kinds. Our team of installers travels to homes and businesses throughout the Costa Blanca to install solar systems in rural properties without grid electricity and those connected to the network.

What is a SunSmart solar generator?

The SunSmart solar generator system is a revolutionary approach to solar power- without the downsides of fossil fuels, banks of storage batteries, and daylight-only functionality. Through new innovations in magnetic storage, SunSmart delivers uninterrupted power where and when it's needed most.

What is a SunSmart solar power system?

The SunSmart solar power system is a response to the growing demand for and use of electric vehicles (EVs). It was initially conceived as a way to address the energy needs of EVs, as traditional internal combustion engine (ICE) vehicles are a leading cause of pollution and global climate change.

Where do solar panels work in Costa Blanca?

We work throughout the Costa Blanca, from Gandia in the North to Altea in the South, and inland to the Jalon Valley. We have installed dozens of solar systems of all sizes in homes in Javea, Denia, Altea, Calpe, and Moraira, among others. We offer a free survey and quote service.

What services does smart sun solar offer?

"Smart Sun Solar offers turnkey services that help you experience the value of solar energy. Our all inclusive services encompass consultation, design, commissioning, maintenance, and monitoring for a lifetime. We are the only organization that provides a Solar Analysis Report before the beginning of the installation process.
