Sungrow became one of a few companies that received the certification. Its UL9540 and UL9540A certified liquid cooled ESS PowerTitan well performs in safety features including fire and gas detection systems, explosion mitigation, battery management system, internal dry-pipe system, and other proposed conditions.

pv magazine Italia interviewed Emilio Manzoni, head of PV and BESS (battery energy storage system) utility for Sungrow in Italy. The company presented its commercial and industrial (C& I) PowerStack 200CS and liquid-cooled PowerTitan 2.0 energy storage products at a recent event in Milan.

As an early entrant in the EMEA energy storage market, Sungrow has supplied its ESS to plenty of landmark projects including a 100 MWh project and a 391MWh project in the UK, and a 430 MWh project in Israel. The Company is poised to deploy more energy storage projects with its new liquid cooled ESS PowerTitan and PowerStack in the region.
