

Can you buy a Tesla in Uruguay?

Uruguay is not a Tesla-supported country, with no dealerships or online sales. Any vehicles registered in the country have been imported through unofficial channels. Imports are cheapest from China, where half of all Teslas are manufactured, Ramiro Duer, owner of AutoImport, tells Rest of the World.

How many Tesla cars are there in Uruguay?

By the end of 2021, 42 Tesla-branded cars were registered in Uruguay. The emblematic autonomous and electric vehicles arrive in the country through private individuals or investment initiatives of the Applications Commission (Comap), since the company led by tycoon Elon Musk has no official presence in Uruguay.

When did Tesla come to Uruguay?

However, the first Tesla (TSLA) to arrive in Uruguay dates back to November 2017, when Orlando Dovat, president of Zonamerica, imported the S90D model from Holland on his own initiative. And today, in Montevideo you can find charging stations of the state-owned electricity company UTE, specifically designed for charging this type of "green" cars.

How many teslas did Uruguay import in 2024?

One government agency says Uruguay imported only 80 Teslas between 2020 and 2024, 50 of which came from the US. However, the number is likely higher if Duer says he alone imported 80 from China in the past year. "I have a 2021 US Model Y LR in Uruguay, South America, and there are more than 100 Teslas here," writes one Redditor in 2022.

Did Elon Musk make a Tesla in Uruguay?

Since then, media reports show that by mid-2022 there were at least 50 cars manufactured by Elon Musk's company on the road in Uruguay. However, the first Tesla (TSLA) to arrive in Uruguay dates back to November 2017, when Orlando Dovat, president of Zonamerica, imported the S90D model from Holland on his own initiative.

How do teslas ship to Uruguay?

They purchase the vehicle from Chinese Tesla dealerships, and work with shipping agents to find a spot on a ship and complete the paperwork to ship to Uruguay. The process takes several weeks, and the vehicles arrive with the clock set to China Standard Time. It's unclear how many Teslas are in Uruguay; the numbers are all over the place.
