Is quantum generator fully customizable?

Yeah guys, is it's fully customizable! You can change energy output and tier (for use with different cables) in GUI. For example: we need make energy output 5120 EU and transfer it through some Glass Fibre Cables, but they can only accept 512 EU/t. We need to set the Quantum Generator output to 5120 EU/t and set the tier to 3.

How can quantum physics improve energy generation in the dark?

After long years of researching quantum matter we have reached unknown heights in quantum physics. And as a result we can now offer our most perfect solar panel! With the new quantum core, we were able to improve the generation of energy in the dark by 4 times!

What happens if a quantum generator turns off?

The Quantum Generator will generate energy constantly, except if Redstone current is applied. In this case, the Generator will turn off. Also, if the Shift key is held while clicking on buttons on the Generator's GUI to adjust energy values, the changes will increase by a factor of 10.
