

The size of the locker can accommodate a ladder

How wide should a locker be?

For width, lockers often come in 12, 15, or 18 inches wide. Wider sizes like 15-18 inches are better for being able to cram in bigger stuff like puffy winter jackets, sports gear, and bulky backpacks. Then there's locker depth - that's how deep front to back they are inside. Locker depths usually range from 12 inches to 24 inches deep.

How deep is a standard locker?

Standard lockers are 18 inches deep, which is the equivalent of around 46cm. This measurement does not tend to vary in Europe or Australia unless you have custom lockers made. In the US and Canada, some locker units are available with a depth of 12 or 15 inches, which is equal to 30 or 35cm.

How many locker rooms are ADA compliant?

In accordance with Section 225.2 of the 2010 ADA Standard, for locker rooms with 1 to 200 lockers, at least five percent but no fewer than one must be accessible, and in facilities with more than 201 lockers, ten lockers plus two percent of the total number of units over two hundred must be accessible. So what does "accessible" mean?

How big should a school locker be?

Most schools do best with standard single-tier or double-tier locker configurations and make sure to leave enough aisle space in the hallways for busy passing periods between classes when peeps are hustling to swap out books. For offices, a common locker size is 12 inches wide x 18-24 inches deep x 78 inches high.

How big should a locker room be?

In locker room spaces, go for full-sized lockers that are nice and big, usually around 18 inches wide x 24 inches deep x 84 inches high. This gives ample room for hanging jackets, storing shoes, and neatly piling in all your gear. Getting lockers with vented or mesh doors is important to help keep moist locker room air dry and aired out.

How big should a double tier locker be?

And double-tier lockers configurations are great for maximizing every inch of space usage in the room. In locker room spaces, go for full-sized lockers that are nice and big, usually around 18 inches wide x 24 inches deep x 84 inches high. This gives ample room for hanging jackets, storing shoes, and neatly piling in all your gear.
