Who is illuminate USA?

Illuminate USA is an American advanced manufacturing company. We are committed to developing renewable energy solutions through cutting-edge solar panel technology, sustainable practices and a dynamic workforce. Illuminate USA's new manufacturing facility is assembling solar panels ready for installation.

Who owns illuminate USA?

LONGi, a Chinese solar panel manufacturer, jointly invested in Illuminate USA with renewable energy company Invenery, a Chicago-based developer of several solar projects in Ohio. Illuminate USA, which was announced in March, is set to begin production early this year at 1.1-million-square-foot warehouse in the Pataskala Corporate Park.

Where is illuminate USA located?

In the sleepy Midwestern town of Pataskala, Ohio, a 1mn sq ft factory built on former farmland is marked with a sign: Illuminate USA. The utilitarian building is due to start production this month as one of the largest solar panel manufacturers in the US.

Why is illuminate USA opening?

Illuminate USA is opening as a global panel glut dents the profitability of solar manufacturers. China doubled its capacity last year and produces three times the global demand, the IEA estimated. "Solar is likely to be the energy source of the 21st century.

Is illuminate USA based in China?

Not everyone is as excited. Illuminate USA is a joint venture between Invenery, the largest private US renewables developer, and Longi, the world's largest solar panel manufacturer. The latter partner has aroused local suspicions because it is based in China.
