

Tongwei photovoltaic panel global ranking

Is Tongwei a good solar company?

Tongwei extended its presence to the module sector and reaped a place in the top ten ranking. The rest, such as DAS Solar, Suntech, and Huansheng Solar, shipped 7-8 GW in 2022, only 0.3-1.8 GW behind the tenth module maker. Despite not making the list last year, they are ambitious with their 2023 shipment target.

Is Tongwei solar the world's largest solar cell producer?

According to the latest figures, Tongwei Solar's cumulative global shipments of solar cells surpassed 200GW, establishing it as the largest solar cell producer worldwide in terms of production capacity and shipment volume! Additionally, Tongwei has maintained its position as the global leader in solar cell shipments for seven consecutive years.

Does Tongwei solar have a capacity expansion?

With the surge in global demand for clean energy and in response to market shifts, Tongwei Solar has actively pursued capacity expansion. By the end of 2023, Tongwei Solar had achieved a module production capacity of 63GW.

How much power does Tongwei solar produce?

By the end of 2023, Tongwei Solar had achieved a module production capacity of 63GW. However, capacity figures are not merely surface-level indicators; they signify a company's "delivery power" within the supply chain.

Are terra shingled products a good investment for Tongwei?

Among which, the Terra shingled products are now forceful boosters for Tongwei in breaching barriers of the green industry and further expanding its overseas markets. Recently Bloomberg New Energy Finance (BNEF) announced the ranking of global PV module manufacturing suppliers for the 4Q of 2022.

What is Tongwei solar Yancheng base?

The company boasts the largest single-scale module production base in the global PV industry - the Tongwei Solar Yancheng Base. Utilizing an innovative "5G+" digital management model, the base achieves intelligent operation and AOI detection throughout its processes.
