

Trust energy Georgia

Is the Georgia Trust for Historic Preservation going green?

The Georgia Trust for Historic Preservation is committed to "going green." We know that adopting greener practices and policies, conserving energy and building green can not only positively impact our organization's energy use and efficiency, but also positively impact the environment and the communities in which we live and work.

What is Energy Trust?

Energy Trust is a nonprofit organization that provides cash incentives and expertise to people for planning energy-saving home upgrades and renewable energy projects. Energy Trust serves customers of PGE, Pacific Power, NW Natural, Cascade Natural Gas and Avista in Oregon and customers of NW Natural in Washington.

Does Georgia have a hydrogen energy Braintrust?

Last week, U.S. Sen. Jon Ossoff and Georgia Public Service Commissioner Tim Echols announced the launch of the Georgia Hydrogen Energy Braintrust. In Camden County, Plug Power is producing hydrogen energy that is powering Amazon forklifts. In Smyrna, Georgia Power's Plant McDonough last year tested a hydrogen fuel mix.
