

Trust solar energy Curaçao

Who is Trust solar?

Trust Solar is a solar PV company headquartered in Cape Town, with branches in Gauteng and Kwazulu-Natal, delivering high-quality solar solutions for both residential and commercial clients, underpinned by exceptional quality and performance. Your partner for sustainable commercial and residential solar solutions.

Can I get a solar loan in Curacao?

As you can see the more electricity usage you have, the faster you will earn back your one time investment. Many banks already offer so-called "green loans", financing the purchase of your solar system on Curacao for a monthly installment that may be even lower than the monthly price you pay for electricity now.

Will Aqualectra revolutionize energy management in Curaçao by 2030?

As a part of Aqualectra's ongoing efforts to continue improving its services and better serve the people of Curaçao, this agreement aims to fully revolutionize energy management in Curaçao by 2030, ensuring reliable, affordable, and sustainable energy for the island.

How much does electricity cost on Curacao?

On Curacao, the costs per kWh calculated in 2012 is ANG 0,73. If you are a home owner, commercial property owner or owner of an industrial building on Curacao, please have a look at your electricity bills and calculate the average amount of kWh you use and the money you spend on electricity per year.

How will a battery energy storage system benefit Curaçao?

The implementation of a Battery Energy Storage System will allow Curaçao to collect energy from renewable sources such as wind and solar energy and store it using advanced battery storage technologies. This stored energy can be released to mitigate the intermittency of wind power and ensure grid stability.

Who is Trust solar EPC (Pty) Ltd?

Trust Solar EPC (Pty) Ltd is now proudly associated with Fox ESS! Fox ESS is changing the residential hybrid system landscape, through the introduction of HIGH VOLTAGE LiFePO4 battery technology.
