What is the new energy plan for Uganda?

The Ministry of Energy and Mineral Development in Uganda has issued a new plan for the country's energy sector that sets out a robust pathway for meeting economic growth and development objectives in a secure, affordable and sustainable way.

Can Uganda achieve universal energy access by 2030?

According to the analysis, achieving universal energy access in Uganda by 2030 is a steep but not unprecedented challenge. Hydro and geothermal resources currently meet more than one-quarter of Uganda's generation, and they will be supplemented by nuclear power. Plans are underway to bring the first nuclear power facility in the country online in the early 2030s.

Can Uganda reach net zero emissions by 2065?

To reach net zero emissions by 2065, Uganda would need to invest USD 8 billion annually in clean energy by the end of the decade. Almost 90% of this financing should be directed towards projects focused on improving energy access and expanding clean energy capacity.

Can a mineral deposit strengthen Uganda's energy transition?

Deposits of critical minerals, if harnessed sustainably, could strengthen Uganda's own energy transition and contribute to economic growth. According to the analysis, strong partnerships will be key to seeing through Uganda's Energy Transition Plan.

Can Uganda's energy advantages be leveraged responsibly?

Uganda's Minister of Energy and Mineral Development, Ruth Nankabirwa Ssentamu, stated, 'The plan shows how Uganda's major energy advantages can be leveraged responsibly to meet our Government's broader objectives'.

What is Uganda's energy transition strategy?

Uganda's energy transition strategy, as outlined in the new roadmap, involves an annual electricity generation growth of 14% while maintaining the near-total share of low-emissions energy sources, primarily solar power, in the overall electricity mix.

A total of 267 beneficiaries attended the summit. An anonymous Uganda Partners donor supported the participation of the UCU team by paying for their flights. Nantume said the summit not only transformed her business -- Ranaz Snack Series, a bakery and restaurant business she started in 2020 -- but also her leadership approach.
